

# OUR PROGRAMS

Powered by the Nevada State Treasurer's Office

**Higher education should be a realistic option for all Nevadans.** Paying for that education can be daunting for students and their families. That's why we launched **NVigate** – to provide a number of services, resources and programs that will help Nevadans navigate the complexities of financially planning, preparing, and paying for the education they need to achieve their life and career goals. Every Nevadan who wants a higher education deserves a hand – and NVigate is here to provide it.

The Nevada College Kick Start program provides a \$50 college savings scholarship for all of Nevada's public kindergarten students and lets them know that college is an attainable goal for all.

The best time to start saving for your child's college education is today. We offer a wide array of 529 college savings programs that can provide a tax-advantaged way to save for your child's future.

What grows faster than kids? The price of a college education. The Nevada Prepaid Tuition Program locks in tomorrow's in-state tuition at today's prices, so you don't have to worry about the rising cost of tuition.

The Governor Guinn Millennium Scholarship awards up to \$10,000 to high school graduates on a merit basis and can be used at eligible in-state institutions.

Our Office is staffed with advocates who are here to help, such as an Ombudsman for understanding the complexities of student loans. We also offer tools like our college navigator and a scholarship database.
