

Nevada College Kick Start Opt In-Form

Since 2013, all kindergarten students attending a Nevada public or charter school are automatically enrolled in the Nevada College Kick Start Program. This Opt-In form is only for those children who attended kindergarten in a public or charter school from 2013 forward, who still reside in Nevada, and whose parents/guardians elected to mark their student's information as confidential which, thereby, excluded him or her from being included in the program and receiving a \$50 college savings plan account. If you would like your child to participate in this program and he or she is eligible, please use this form to provide the information below to establish his or her account.

I am submitting this Opt-In Form and thereby agreeing to allow my child's name and information to be used by the Program to establish and maintain an account in his or her name.
