

2024 Art Contest

The Nevada Treasury held its fourth annual “What Do You Want to Be When You Grow Up” art contest. The contest offered all students from pre-K to 12th grade the opportunity to use their artistic talents to create original artwork depicting what they want to be when they grow up.

First, second and third place winners were selected from each grade level, and will be announced soon. First place winners were awarded \$1,000, second place winners awarded \$500, and third place winners were awarded \$250. All prize money was awarded in the form of a 529 college savings account.

Additionally, the teacher with the most submissions from their class or school will be receiving a \$200 electronic gift card.

“Our Art Contest provides students in our community with a unique opportunity for creative expression. By participating, students start to dream about life after high school, gain confidence, develop their artistic skills, and have an opportunity to win a scholarship for college,” said Dr. Tya Mathis-Coleman, Deputy Treasurer of College Savings at the Nevada Treasury. “The contest is our opportunity to celebrate their talents and encourage them to turn their artwork into a future career and start planning for their post-secondary education today!”
